

**Industrial Price Index (IPRI). Base 2010**  
July 2014. *Provisional data*

**The annual variation rate of the Industrial Price Index stands at  $-0.4\%$ , nine tenths lower than that registered in June**

**The monthly variation rate of industrial prices is  $0.1\%$**

**Annual evolution of industrial prices**

The annual rate of the General Industrial Price Index (IPRI) stood at  $-0.4\%$  in July, nine tenths lower than that registered in June.

By economic destination of the goods, the industrial sectors that influenced the most the decrease in the annual variation of the general IPRI were:

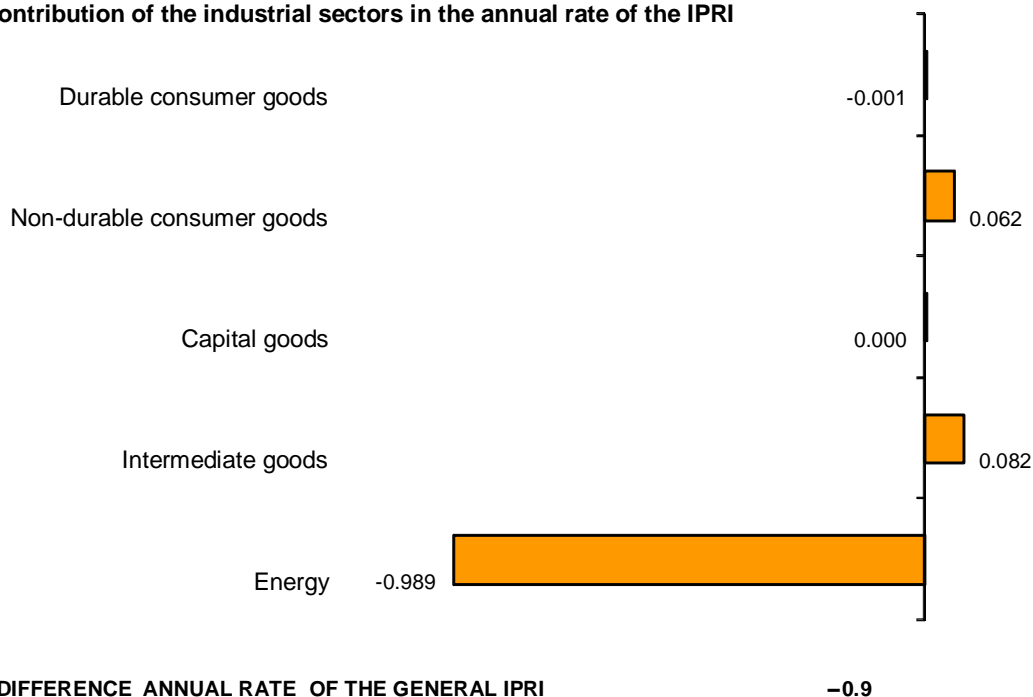

- **Energy**, whose annual rate decreased by more than three and a half points, reaching **0.0%**, due to the decrease in the prices of *Production, transportation and distribution of electrical energy* and *Manufacture of refined petroleum products*, which registered an increase the same month of the last year.

In turn, the industrial sectors that registered an increase in their annual rate were:

- **Intermediate goods**, with a variation of **-1.1%**, three tenths over that registered in the previous month. This behaviour showed the increase in the prices of *Manufacture of basic precious and other non-ferrous metals*, as compared with the decrease registered in July 2013.

- **Non-durable consumer goods**, whose variation increased two tenths, standing at **-0.6%**. This was due to the increase in the prices of *Manufacture of vegetable and animal oils and fats*, as compared to the decrease registered in the same month of the previous year.

## Contribution of the industrial sectors in the annual rate of the IPRI

## Monthly evolution of industrial prices

In July, the monthly variation of the general IPRI was **0.1%**.

By economic destination of the goods, among the industrial sectors with a monthly positive effect on the general index, worth noting:

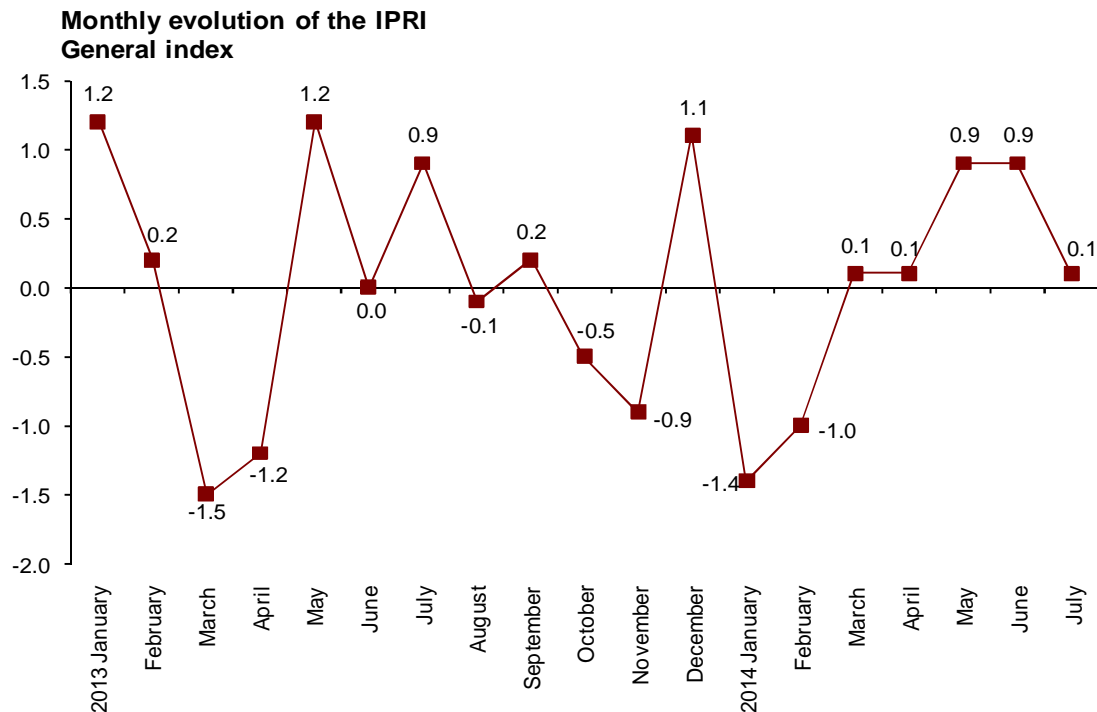

- **Non-durable consumer goods**, with a monthly variation of **0.2%** and an effect of **0.058**. This behaviour was due to the increase in the prices *Manufacture of vegetable and animal oils and fats*.

- **Capital goods**, with a monthly variation of **0.2%** and an effect of **0.034**. This behaviour was mainly due to the increase in the prices of *Manufacture of railway locomotives and rolling stock*

In turn, the only industrial sector with negative contribution to IPRI was:

- **Intermediate goods**, with a rate of **-0.2%** and an effect of **-0.046**, mainly due to the decrease in the prices of *Manufacture of prepared animal feeds* and *Manufacture of basic chemicals, fertilisers and nitrogen compounds, plastics and synthetic rubber in primary forms*.

Worth noting was the increase this month in the prices of *Manufacture of precious and other non-ferrous metals*.

A more detailed analysis showed the activities that most affected the monthly rate of the IPRI in the month of July.

**Activities with the greatest contribution to the IPRI monthly rate**

	Monthly rate (%)	Contribution
<b>CNAE-09 Group</b>		
Manufacture of gas; distribution of gaseous fuels through mains	5.0	0.197
Manufacture of vegetable and animal oils and fats	3.4	0.059
Manufacture of basic precious and other non-ferrous metals	2.6	0.034
Manufacture of railway locomotives and rolling stock	3.4	0.020

**Activities with the greatest negative contribution to the IPRI monthly rate**

	Monthly rate (%)	Contribution
<b>CNAE-09 Group</b>		
Production, transportation and distribution of electrical energy	-1.0	-0.133
Manufacture of refined petroleum products	-0.5	-0.041
Manufacture of prepared animal feeds	-1.3	-0.029
Manufacture of basic chemicals, fertilisers and nitrogen compounds, plastic and synthetic rubber in primary forms	-0.8	-0.023

**Results by Autonomous Community. Annual variation rates**

The annual rate of the IPRI decreased in July as compared with the previous month in 14 Autonomous Communities. Among them, worth noting Illes Balears (0.8%), Canarias (1.6%) and Principado de Asturias (1.8%), which registered decreases of 7.0, 5.6 and 3.0 points, respectively.

In turn, the only Autonomous Communities that registered an increase were La Rioja (1.3%) and Extremadura (-0.8%), whose increases were of six and four tenths respectively.

**Annual variation rates. IPRI**  
Index by Autonomous Community

## Industrial Prices Index. Base 2010 July 2014
