Monthly evolution of the mortgages constituted on dwellings

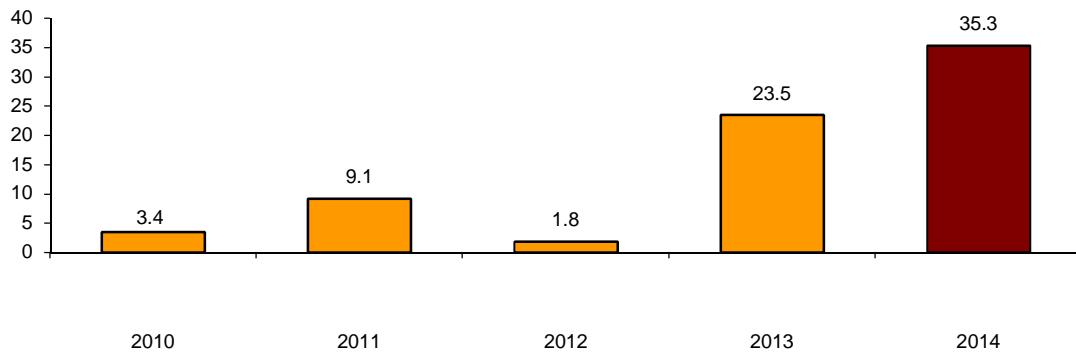

In order to contribute to the analysis and interpretation of the data, the following chart shows the variation on the number of mortgages constituted on dwellings between the months of September and August for the last five years. In 2014, the monthly rate registered an increase of 28.5%, the greatest recorded in this period.

Evolution of the monthly rate of the number of mortgages constituted for the dwellings (September variation as compared with August of the same year)

Regarding the capital loaned for mortgages constituted on dwellings, the monthly rate of 2014 was 35.3%, also the greatest recorded in this period.
