

2005 Survey on the use of water in  
the agrarian sector

## A. Identification of the Irrigation Community

## A.1. Modifications of the identification particulars (Complete only those sections subject to variation)

Name or registered name of the Irrigation Community		Tax Identification Number (NIF)	
Registered address (street, square, avenue, etc.)			
Post Code	Municipality	Munic. Code	
Province	Prov. Code	Telephone	Fax
		E-mail	

**Details of the person to be contacted, if necessary, for Community queries or clarifications regarding this questionnaire.**

**Signature or seal of the Irrigation**

Mr./Ms. Miss: \_\_\_\_\_

Post held in the company: \_\_\_\_\_

Telephone: \_\_\_\_\_ Fax: \_\_\_\_\_

E-mail: \_\_\_\_\_

**Nature, characteristics and purpose**

This survey is framed within operation 3671 "Environmental statistics on water" which appears in the National Statistical Plan 2001-2004. This survey aims to obtain data on the use of water in the agrarian sector, and the cost thereof.

**Legislation****This statistic is obligatory****Statistical Secrecy**

The personal information obtained by the statistical services, both directly from the informants as well as from administrative sources, will be the object of protection and are covered by **statistical secrecy** (art. 13.1 of the Law on the Public Statistical Services of May 9th 1989, (LFEP)). All statistical personnel will have the obligation of preserving statistical secrecy (art. 17.1 of the LFEP).

**Obligation of providing data**

Laws 4/1990 and 13/1996 establish the **obligation to provide the data** that is requested for the elaboration of this Statistic.

The statistical services may be able to request data from all physical and legal persons, national and foreign, residents in Spain (Article 10.1 of the LFEP).

All individuals and legal entities that provide data, regardless of whether their collaboration is compulsory or voluntary, **must** respond in a true, exact and comprehensive manner within the stipulated deadline to the questions outlined in due form by the statistical services (art. 10.2 of the LFEP).

**The non-compliance** of the obligations envisaged in this Law, in relation with statistics for state purposes, **will be sanctioned** in compliance with the terms established in the regulations contained in this Heading (art. 48.1 of the LFEP).

Very serious infringements will be sanctioned with fines ranging from **3,005.07 to 30,050.61 €**. Serious infringements will be sanctioned with fines from **300.52 to 3,005.06 €**. Minor infringements will be sanctioned with fines from **60.10 to 300.51 €** (art. 51.1, 51.2 and 51.3 of the LFEP).

## General instructions

**Information unit:** The information unit requested in this questionnaire refers to the Irrigation Communities whose identification details appear on the cover page.

**Reference period:** Data must refer to the year 2003.

**Data recording:** Data must be recorded clearly. Do not write in the shaded areas. The financial data is requested in **euros**. The water volume is measured in **cubic metres**. The area is measured in **hectares**.

**Deadline:** This questionnaire, duly completed with the required information, must be returned within a term **not exceeding 15 days**.

## A.2 Characteristics of the Irrigation Community

1. Surface of the Irrigation Community in Has \_\_\_\_\_

## B. Profit and loss account

### B.1 Operating revenue

	Amount (€)
1. Income from supplying water to the Community's farms _____	_____
2. Subsidies _____	_____
3. Income from selling water to other financial units _____	_____
4. Other types of income _____	_____
<b>Total income</b> _____	_____

### B.2 Operating expenses

	Amount (€)
1. Wages and salaries _____	_____
2. Contributions to Social Security _____	_____
3. Depreciation of tangible fixed assets _____	_____
4. Water use tax _____	_____
5. Regulation tax _____	_____
6. Expenses from purchasing water from other financial units _____	_____
7. Leases (rental expenses) _____	_____
8. Supply of electricity _____	_____
9. Repairs and preservation _____	_____
10. Independent professional services _____	_____
11. Insurance _____	_____
12. Taxes _____	_____
13. Other _____	_____
<b>Total expenses</b> _____	_____

## C. Employment

The employed personnel must include the personnel that is on holiday, leave, sick leave, working part-time, and must exclude all personnel provided by temping agencies. Annual hours worked correspond to the totality of persons employed.

### C. 1 Employed personnel

	Employees	Annual hours worked
Remunerated personnel	_____	_____
-Permanent remunerated personnel _____	_____	_____
-Provisional remunerated personnel _____	_____	_____
<b>Total</b> _____	_____	_____

## D. Other financial information

### D.1 Fixed assets transactions (Amount in €)

	Acquisition+improvements	Sales
1. Land and natural goods		
2. Improvement in the distribution		
3. Pressure equipment		
4. Other material fixed assets (constructions, transport elements, computer equipment)		
<b>Total</b>		

## E. Fare structure applied to farms

<b>1. Fixed rate</b> (Set annual amount that is paid regardless of the consumption)		
<b>2. Variable rate</b>		
2.1 €/m <sup>3</sup>		
2.2 €/Ha		
2.3 €/hour		

## F. Non-monetary data

### F.1 Water availability

Note the total water volume granted to the Irrigation Community via an administrative concession. It is necessary to distinguish between fresh surface water, water from borings and drillings (ground water) and from other water resources. Data will be noted in annual cubic metres or litres per second.

	Cubic metres/year	Litres/second
<b>1. Water volume granted by the Hydrographic Confederation</b>		
1.1 Surface water (rivers, reservoirs,...)		
1.2 Ground water (wells,...)		
1.3 Other resources (desalted water, purified water.).		
<b>Total</b>		

### F.2 Water purchased by the Irrigation Community from other financial units

Note the water volume purchased from Irrigation Communities, companies or institutions other than the one answering this questionnaire. Data will be measured in **cubic metres**.

<b>1. Water acquired from other economic units</b>		
--	--	--

### F.3 Water supplied by the Irrigation Community to other financial units

Note the water volume supplied to Irrigation Communities, companies or institutions other than the one answering this questionnaire. Data will be measured in **cubic metres**.

<b>1. Water supplied to other economic units</b>		
1.1 For agricultural and cattle raising		
1.2 For other industrial uses		
1.3 For urban supply		
<b>Total</b>		

## F.4 Distribution of water to farms by type of crop

This section must indicate the surface used for each type of crop and the water volume employed to water each one.

	Surface (hectares)	Water distributed (cubic metres/year)
<b>1. By type of crop</b>		
1.1 Herbaceous: cereals for grain, leguminous plants and fodder crops		
1.2 Corn		
1.3 Fruit trees and		
1.4. Potatoes and		
1.5. Industrial crops		
1.2. Olive groves		
1.7. Other types of crops (Please list:)		
<b>Total</b>		

## F.5 Distribution of water to farms by irrigation technique

This section must indicate the surface in which each of these techniques is used and the water distributed by each of them.

	Total (hectares)	Water distributed (cubic metres/year)
<b>2. Irrigation and handling techniques</b>		
2.1 Sprinkler		
2.2 Trickle		
2.3 Gravity		
2.4 Others (Specify: )		
<b>Total</b>
