

Obligatory Nature: Laws 4/1990 and 13/1996 establish the obligation to provide data requested for the compilation of this statistic.

Completion period: The questionnaire must be completed within 15 days of receiving it.

In compliance with Regulation (EU) 2018/1091 of the European Parliament and of the Council.

Thank you for your cooperation

Please read the attached Instruction Sheet carefully.

How to complete the questionnaire?

- **By Internet:** Access the web page indicated on the label and enter your access codes (order number and password).
- **By post:** Please fill out this questionnaire and return it to us in the enclosed, postage-free envelope.

If you own several holdings that are the subject of this survey, you must complete one questionnaire for each of them. If in doubt, please contact our offices through the toll-free telephone number indicated on the label.

Reference period: the data in this questionnaire must refer to the **2023 AGRICULTURAL CAMPAIGN** (from 1 October 2022 to 30 September 2023) except in those sections where another date is indicated.

IMPORTANT: If you have made a PAC request in the 2023 campaign, please contact the telephone number indicated on the label.

IDENTIFICATION DATA

1. CORRECTION OF IDENTIFICATION DATA (check that the data on the label is correct)

Important: In the event of a change of holder (e.g. due to a family transfer, change of legal form...), enter the full details of the new holder

Name or company name: _____

NIF: _____

Address: _____

Municipality: _____

Town, place, village...: _____

Province: _____

Postal code: _____

2. CONTACT DETAILS OF THE HOLDER AND THE RESPONDENT

2.1 Contact details of the holder

Telephone 1: _____ Telephone 2: _____ Fax: _____

E-mail: _____

2.2 Who will complete this questionnaire? (respondent)

- ☐ It is the owner himself/herself → **Go to section 3**
- ☐ It is another person (and/or when it is owned by a Company)

Respondent's name: 1st _____

Surname: _____

2nd Surname: _____

Telephone _____ Telephone 2: _____ Fax: _____

1: E-mail: _____

For the purposes of this statistical operation, the following DEFINITIONS are considered:

Agricultural holding: It is the set of lands and/or livestock that are under the responsibility of its owner and in which the same means of production are used (machinery, land, facilities, fertilizers...). If they are land or livestock facilities that are sufficiently far apart, so that different labour and machinery are used at each location, it must be understood that it is more than one operation.

Owner of the holding: It is a natural person, group of natural persons or legal entity that assumes the legal and economic responsibility of an agricultural or livestock operation and makes decisions regardless of whether or not it is the owner, of its age or employment status (retired or not). He or she can manage it directly or through another person (for example, a family member or other salaried employee).

The owner of unexploited or abandoned land is also considered an agricultural owner, meaning that it is not economically productive and that no other person or company exploits.

How to record the data: All agricultural areas except mushrooms (section 8) will be recorded in **HECTARES**, with two decimal places.

Based on these definitions, please answer the following questions:

3. THE HOLDER AND THEIR AGRICULTURAL HOLDING

3.1 If before 1 October 2022 **they sold or transferred their entire holding (land and/or livestock facilities)** or returned its use to its owner, please indicate the area sold or transferred.

Area sold or transferred:

025

,

Hectares (with 2 decimal places)

This completes the completion of the questionnaire.

Send the questionnaire in the postage-paid envelope you received.

3.2 Indicate who the owner of the holding is

072

☐ 1 Sole proprietor natural person

☐ 2 Several non-associated natural persons (includes several family members or other non-contractual relationships)

☐ 3 Community of Assets and Inheritances (NIF E)

☐ 4 Legal entity (including Civil Society)

→

does it belong to a business group?

079

☐ NO

☐ YES

4. HEAD OF THE HOLDING

The **Head of the holding** is understood to be the natural person responsible for the current and daily financial and production activities of the holding.

4.1 Indicate who the Head of the holding is

- | | | |
|-----|--|---|
| 100 | <input type="checkbox"/> 1 It is the holder himself or herself
<input type="checkbox"/> 2 The holder's spouse
<input type="checkbox"/> 3 The owner himself or herself and their spouse
<input type="checkbox"/> 4 Another member of the holder's family | <input type="checkbox"/> 5 The owner and other family member(s)
<input type="checkbox"/> 6 The owner and other person(s)
<input type="checkbox"/> 7 Other persons |
|-----|--|---|

4.2 Information on the Head of the holding

In the event that there is more than one person acting as head of the holding, complete the details of the person with the most responsibility and, failing that, the oldest. (In the case of entities without their own legal personality, select a partner as head of the operation).

Sex	Year of birth	Agricultural training	Have received training in the last 12 months?	Year in which they started working as head of the holding
101 <input type="checkbox"/> Man <input type="checkbox"/> Woman	102 <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	103 <input type="checkbox"/> Only practical agricultural experience <input type="checkbox"/> Agricultural training courses <input type="checkbox"/> Agricultural Vocational Training <input type="checkbox"/> University and/or Higher Agricultural Studies	104 <input type="checkbox"/> YES <input type="checkbox"/> NO	105 <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>

To **calculate the days worked**, only the hours spent in agricultural activity will be taken into account. Taking into account that 1 agricultural day is equivalent to 8 hours of agricultural work (1 full day) and that 225 days would be equivalent to one full day per year, the % of days worked per year is calculated as follows:

% of days worked per year = days worked per year / 225 * 100

Example: A person dedicates 50 days a year to agricultural work on their holding.

% of days worked per year = 50 / 225 * 100 = 22

Therefore, they would select the section "From 0% to <25%"

% of days worked/year

- | | |
|-----|--|
| 106 | <input type="checkbox"/> From 0% to < 25% Works in agricultural activity more than 0% and less than 25% of the days
<input type="checkbox"/> From ≥ 25% to < 50% Works in agricultural activity more than 25% and less than 50% of the days
<input type="checkbox"/> 50% Works in agricultural activity 50% of the days
<input type="checkbox"/> From ≥ 50% to < 75% Works in agricultural activity more than 50% and less than 75% of the days
<input type="checkbox"/> From ≥ 75% to < 100% Works in agricultural activity more than 75% and less than 100% of the days
<input type="checkbox"/> 100% Works in agricultural activity 100% of the days |
|-----|--|

Remember that the data requested refers to the use of the land during the 2023 agricultural campaign (from 1 October 2022 to 30 September 2023).

6. USED AGRICULTURAL AREA: CROPS, FALLOW, LAND FOR PASTURE AND ALLOTMENTS FOR OWN CONSUMPTION

It is important **NOT TO COUNT THE SAME AREA MORE THAN ONCE**

IMPORTANT CRITERIA

Successive crops:

In the event that the same parcel has been dedicated to two or more crops (or uses) at different times of the agricultural campaign, consider only that which is harvested during the campaign. In the event that more than one crop has been harvested, consider the one with the highest production value as the main one or, failing that, the one that occupies the land the longest during the campaign.

Secondary crops SHOULD NOT BE CONSIDERED.

Associated crops:

In the event that two or more crops had coexisted on the same plot at the same time (crop association), **ALL OF THEM SHOULD BE CONSIDERED**, indicating for each crop (or use) its proportional surface area.

For example, if the plot is 10 ha, and olive groves and vineyards coexist at 30% and 70% respectively, you must indicate 3 ha for olive groves and 7 ha for the vineyards.

Indicate the surface area in hectares and grouped by each of the crops that the holding had during the campaign:

CROPS IN GREENHOUSE OR IN HIGH ACCESSIBLE SHELTER

		Hectares (with 2 decimal places)
Vegetables including melons and strawberries	200	<input type="text"/> , <input type="text"/>
Flowers and ornamental plants	201	<input type="text"/> , <input type="text"/>
Aromatic, medicinal and spice plants as well as other arable land	202	<input type="text"/> , <input type="text"/>
Seeds and seedlings intended for sale	203	<input type="text"/> , <input type="text"/>
Woody/permanent crops (including nurseries)	204	<input type="text"/> , <input type="text"/>
Other crops (including allotments for own consumption <100 m ²)	205	<input type="text"/> , <input type="text"/>

HERBACEOUS CROPS OUTDOORS AND/OR UNDER SHELTER

		Hectares (with 2 decimal places)
Cereals for grain (including seeds for sowing)		
Common wheat and spelt	210	<input type="text"/> , <input type="text"/>
durum wheat	211	<input type="text"/> , <input type="text"/>
Barley	212	<input type="text"/> , <input type="text"/>
Rye and winter cereal mix (including oatmeal)	213	<input type="text"/> , <input type="text"/>
Oats and spring cereal mix	214	<input type="text"/> , <input type="text"/>
Corn grain and grain-coarse mix	215	<input type="text"/> , <input type="text"/>
Rice	216	<input type="text"/> , <input type="text"/>
Triticale	217	<input type="text"/> , <input type="text"/>
Sorghum	218	<input type="text"/> , <input type="text"/>
Other cereals for the production of grain (millet, buckwheat, canary seed, quinoa...)	219	<input type="text"/> , <input type="text"/>
Dried legumes and protein crops for grain (including seeds for sowing) Peas, broad beans,		
lima beans and sweet lupins	220	<input type="text"/> , <input type="text"/>
Chickpeas, dried beans, lentils and others (including mixtures with cereals, vetches, yeros, carob, fenugreek, almortas)	221	<input type="text"/> , <input type="text"/>
Root crops and tubers		
Potatoes (including seed potatoes and destined for fodder)	222	<input type="text"/> , <input type="text"/>
Sugar beet (excluding seed)	223	<input type="text"/> , <input type="text"/>
Other roots and tubers (carrot, cabbage, artichoke, sweet potato, turnip, etc. that are not used for human consumption, including fodder and roots that are used for the following sowing)	224	<input type="text"/> , <input type="text"/>

6. USED AGRICULTURAL AREA: CROPS, FALLOW, LAND FOR PASTURE AND ALLOTMENTS FOR OWN CONSUMPTION

It is important **NOT TO COUNT THE SAME AREA MORE THAN ONCE**

HERBACEOUS CROPS OUTDOORS AND/OR UNDER SHELTER

Hectares (with 2 decimal places)

Plants harvested green (excluding seeds)

Multi-annual green forages_____	225	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Legumes harvested green_____	226	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Maize harvested green_____	227	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Cereals harvested green (excluding corn)_____	228	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other annual crops harvested green (rapeseed, grasses, sunflowers...)_____	229	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Industrial crops

Cotton (including seeds)_____	230	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
--------------------------------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Textile crops (excluding seeds and seedlings for sowing)

Hemp_____	231	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Textile flax_____	232	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other textile crops (jute, abaca or Manila hemp, sisal and kenaf)_____	233	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Oilseeds (including seeds for sowing)

Sunflower seeds_____	234	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Flax seeds (linseed)_____	235	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Soybeans_____	236	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Rapeseed and rapeseed seeds_____	237	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other oilseed crops n.e.c. (tigernut, opium poppy or royal poppy, sesame, mustard, peanut, safflower, pumpkin for oil, and hemp for oil...)_____	238	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Other industrial crops (excluding seeds and seedlings)

Tobacco_____	239	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Hops_____	240	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Aromatic, medicinal plants and outdoor spices_____	241	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Miscanthus, thistle, cane, ribbon grass and other specific crops for the production of renewable energy_____	242	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other industrial plants (sugar cane, chicory, stevia...)_____	243	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Vegetables, melons and strawberries (excluding seeds and seedlings)

On arable land, in rotation with non-horticultural crops_____	244	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
On horticultural land, in rotation only with other horticultural crops_____	245	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Flowers and ornamental plants (sale as cut flowers, except seeds and seedlings)_____	246	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Seeds and seedlings intended for sale (from crops harvested green, beets, textile crops, other industrial crops, vegetables, melons and strawberries, flowers and ornamental plants)_____

_____	247	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
_____	248	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Other herbaceous plants (indicate crop):_____

FALLOW

Hectares (with 2 decimal places)

Fallows (includes land sown for green fertiliser)_____	250	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

6. USED AGRICULTURAL AREA: CROPS, FALLOW, LAND FOR PASTURE AND ALLOTMENTS FOR OWN CONSUMPTION

It is important **NOT TO COUNT THE SAME AREA MORE THAN ONCE**

OUTDOOR WOODY CROPS

Citrus fruits

Hectares (with 2 decimal places)

Orange_____	260	<input type="text"/>	<input type="text"/>
Lemon and acid lime_____	261	<input type="text"/>	<input type="text"/>
Small citrus fruits ____ (mandarin, clementine, satsuma...)_____	262	<input type="text"/>	<input type="text"/>
Grapefruit_____	263	<input type="text"/>	<input type="text"/>
Other citrus fruits_____	264	<input type="text"/>	<input type="text"/>

Fruit trees originating from a temperate climate, with seeds

Apple_____	265	<input type="text"/>	<input type="text"/>
Pear_____	266	<input type="text"/>	<input type="text"/>
Others (common or European medlar, quince...)_____	267	<input type="text"/>	<input type="text"/>

Fruit trees originating from a temperate climate, with stones

Apricot_____	268	<input type="text"/>	<input type="text"/>
Peach_____	269	<input type="text"/>	<input type="text"/>
Nectarine_____	270	<input type="text"/>	<input type="text"/>
Others (cherry, sour cherry, plum, blackthorn, Japanese medlar...)_____	271	<input type="text"/>	<input type="text"/>

Fruits from subtropical and tropical climate zones

Banana, avocado, cherimoya, kiwi, fig, prickly pear (opuntia), pomegranate, persimmon, papaya, mango, lychee, tropical pineapple, guava..._____	272	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------

Berries (excluding strawberries and wild berries)

Currant, raspberry, blackberry, blueberry, mulberry, strawberry tree..._____	274	<input type="text"/>	<input type="text"/>
--	-----	----------------------	----------------------

Nut trees

Almond, hazel, chestnut, walnut, pistachio, stone pine_____	275	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------

Olives

Table olives_____	285	<input type="text"/>	<input type="text"/>
Oil olives_____	286	<input type="text"/>	<input type="text"/>

Grapes

Table grapes_____	277	<input type="text"/>	<input type="text"/>
Raisin grapes_____	278	<input type="text"/>	<input type="text"/>

Wine grapes

Quality wines with Denomination of Origin (D.O.)_____	279	<input type="text"/>	<input type="text"/>
Quality wines with Protected Geographical Identification (I.G.P.)_____	280	<input type="text"/>	<input type="text"/>
Other wines_____	281	<input type="text"/>	<input type="text"/>

Nurseries, except Christmas trees_____	282	<input type="text"/>	<input type="text"/>
--	-----	----------------------	----------------------

Christmas trees grown outdoors_____	283	<input type="text"/>	<input type="text"/>
-------------------------------------	-----	----------------------	----------------------

Other outdoor woody crops (mycorrhized trees for the production of truffles, carob trees, capers, pitas, osiers, esparto grass, reeds, cane, tea, coffee)_____

284	<input type="text"/>	<input type="text"/>
-----	----------------------	----------------------

6. USED AGRICULTURAL AREA: CROPS, FALLOWS, LAND FOR PASTURE AND ALLOTMENTS FOR OWN CONSUMPTION

It is important **NOT TO COUNT THE SAME AREA MORE THAN ONCE**

LAND FOR PERMANENT PASTURE

Hectares (with 2 decimal places)

Permanent meadows. Intensive pasture (more than 5 years)

No trees	_____	290	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
Few trees	_____	291	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
With trees	Same proportion of grass and trees	_____	292	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
	Many trees	_____	293	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>

Other unsown areas, used for pastures (meadow, wasteland, scrubland...). Extensive pasture

No trees	_____	295	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
Few trees	_____	296	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
With trees	Same proportion of grass and trees	_____	297	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
	Many trees	_____	298	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>

Pasture areas that are no longer used for production purposes and are covered by an aid scheme, on which maintenance activities are carried out

(clearing, drainage...) _____ 300 ,

ALLOTMENTS FOR OWN CONSUMPTION

Hectares (with 2 decimal places)

Note the area dedicated to crops in allotments for consumption on the holding itself (exclude the area already recorded in VEGETABLES from the HERBACEOUS CROPS section)

Outdoors and/or under shelter _____ 301 ,

7. OTHER LAND

Hectares (with 2 decimal places)

71 Land with spontaneous vegetation and without agricultural use (wasteland, scrubland...) and that has NOT been used for pastures	_____	302	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
72 Forest area (poplars, eucalyptus, holm oaks, cork oak, common oak, beech, chestnut, pine), which is NOT used for pastures	_____	303	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
* Of which, low forests harvested in short shifts (20 years or less)	_____	304	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
73 Erases, buildings, quarries, patios, roads, ponds, livestock facilities...	_____	305	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>
74 Other arable lands that have NOT been used in the campaign (not including fallow lands)	_____	306	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	,	<input type="text"/>	<input type="text"/>

8. MUSHROOMS, WILD MUSHROOMS AND OTHER CULTIVATED FUNGI (in caves or specific buildings)

Square meters

Note the area in **square meters** of beds, bags or similar surfaces grown in the campaign (see instructions) _____

310

9. IRRIGATION

Hectares (with 2 decimal places)

Do not include allotments for own consumption or greenhouses or accessible high shelters.

Write down the Agricultural Surface Used outdoors that has equipment or irrigation facilities _____

311

10. ORGANIC FARMING

Of the agricultural area used indicated in section 6, indicate if you have an area where **certified organic farming methods** are used **and/or are in conversion** that are registered in the Organic Agriculture Registry of your Autonomous Community.

<input type="checkbox"/> NO	→	Go to section 11
<input type="checkbox"/> YES	↓	

10.1 Indicate the area on which organic farming methods are applied:

Do not include areas that are temporarily suspended.

Hectares (with 2 decimal places)

Certified area	350	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Area in conversion period (includes internship year)	351	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

10.2 Indicate the total area of organic production for the following crops:

CROPS IN GREENHOUSE OR IN HIGH ACCESSIBLE SHELTER

Hectares (with 2 decimal places)

Vegetables, melons and strawberries in a greenhouse or in a high shelter	366	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other greenhouse crops	377	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

CROPS OUTDOORS OR UNDER SHELTER

Hectares (with 2 decimal places)

Herbaceous crops

Cereals for grain

Soft wheat and spelt	352	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Durum wheat	353	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Rest of cereals for grain	354	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Dried legumes and protein crops for grain	355	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Root crops and tubers

Potato (including seed)	356	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Sugar beet (excluding seeds)	357	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other roots and tubers	358	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Industrial crops

Soybeans	359	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other oilseed crops (excluding cotton)	360	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Other industrial crops (including cotton)	361	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Crops harvested green

Multi-annual green fodder	362	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Legumes harvested green	363	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Rest of crops harvested green	364	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Vegetables, melons and strawberries	365	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
-------------------------------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Seeds and seedlings intended for sale	367	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---------------------------------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Rest of herbaceous crops on arable land	368	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Fallows	380	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Permanent crops

Citrus fruits	369	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Fruit trees and berries (excluding citrus fruit, grapes and strawberries)	370	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Olives	371	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
--------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Vineyard (wine grapes)	372	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
------------------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Vineyards: other grapes (not for wine)	381	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
--	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Other permanent crops	373	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
-----------------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Land for permanent pastures

Permanent meadows. Intensive pasture	374	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
--------------------------------------	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Other unsown surfaces used for pasture (pastures, wasteland, bushes...) Extensive pasture	375	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
---	-----	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Other pastures	376	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

OBSERVATIONS

Send the questionnaire in the postage-paid envelope you received. Thank you for your cooperation

Nature, characteristics and purpose

The Survey on the Structure of Agricultural Holdings is part of statistical operation 30044 of the National Statistical Plan 2021-2024. It is a periodic statistical operation for the collection, preparation and publication of information on the structure of the agricultural sector. The Survey mainly provides data related to the characteristics of the organization and structure of the sector and the use of resources such as land, water, livestock and labour.

Statistical legislation with mandatory completion

Regulation (EU) No. 2018/1091 of the European Parliament and of the Council of the European Union of 18 July 2018 establishes that Member States will carry out a survey on the structure of agricultural holdings in 2023. On the other hand, the second additional provision of Law 13/1996, of 30 December, indicates as mandatory statistics those whose production is mandatory for the Spanish State due to the requirements of European Union regulations.

Statistical Secrecy

The confidential data obtained by the statistical services both directly from the informants and through other sources will be subject to protection and will be covered by **statistical secrecy** (art. 13.1 of the Law of the Public Statistical Function (LFEP)). All statistical staff will have the obligation to preserve statistical secrecy (art. 17.1 of the LFEP).

Obligation of providing data

Laws 4/1990 and 13/1996 establish the **obligation to provide data** requested for the compilation of this statistic. To carry out their functions, the statistical services will be empowered to collect data from all natural and legal persons or any other entity resident in Spain or that, not being residents, carry out an economic activity in Spain (art 10.2 of the LFEP). All natural and legal persons, as well as entities that provide data, whether their collaboration is mandatory or voluntary, must answer truthfully, accurately, completely and within the deadline to the questions ordered in due form by the statistical services (art 10.4 of the LFEP).

Failure to comply with the obligations established in this Law, in relation to statistics for state purposes, **will be sanctioned** in accordance with the provisions of the regulations contained in this Title (art. 48.1 of the LFEP). Very serious violations will be punished with fines of **3,005.07 to 30,050.61 euros**. Serious violations will be punished with fines of **300.52 to 3,005.06 euros**. Minor infractions will be punished with fines of **60.10 to 300.51 euros** (art. 51.1, 51.2 and 51.3 of the LFEP).

Basic information on Data Protection

<i>Manager</i>	National Statistics Institute
<i>Purpose</i>	Conducting of the Survey of the National Statistical Plan
<i>Legitimation</i>	Execution of a task carried out in the public interest or in the exercise of a public authority
<i>Recipients</i>	No data is transferred to third parties unless there is a legal obligation
<i>Rights</i>	In accordance with article 89.2 of Regulation 2016/679 regarding the protection of natural persons' data and article 25.3 of Organic Law 3/2018 on Personal Data Protection and Guarantee of Digital Rights, the rights of access, rectification, opposition and limiting treatment are not exercisable.
<i>Additional information</i>	You can consult the additional and detailed information on Data Protection on the INE website: http://www.ine.es/proteccion_datos/oe/30044
