

13 September 2007

**Consumer Price Index (CPI). Base 2006**

**August 2007**

**Overall index**

	Monthly change	Change over last December	Annual change
August 2007	0.1	1.4	2.2

**Main results**

- The **annual change** of the **CPI** for the month of **August** remains at **2.2%**.
- The **annual** change of core **inflation** is of **2.5%**, one tenth greater than in July.
- The **monthly change** of the overall index is **0.1%**.
- The **Harmonised Index of Consumer Prices** (HICP) **annual change** stands at **2.2%**, one tenth less than the previous month.

## Annual change

The annual change for the overall Consumer Price Index (CPI) in August was **2.2%**, one tenth more than that registered in July.

By groups, those that stood out for their greater annual changes were the following:

- **Alcoholic beverages and tobacco**, whose annual rate increased from 6.1% in July to **6.5%** in August. This was explained by the fact that tobacco prices decreased last year and remained the same in August 2007.
- **Food and non-alcoholic beverages** showed an annual rate of **2.8%**, an increase of two tenths as compared with July. The divisions with the greatest influence on this behaviour were *milk and edible oils*.
- **Transport**, whose annual change decreased seven tenths, standing at **-0.1%**. This behaviour is largely due to the decrease in *fuel and lubricant* prices, as compared with the increases recorded in August 2006.

A more detailed analysis showed that the divisions that had the greatest influence on the annual rate increase of the *Alcoholic beverages and tobacco* and *Food and non-alcoholic beverages* groups in August were:

	Annual change (%) July-07	Annual change (%) August-07	Difference
<b>Divisions</b>			
Edible oils	-23.2	-16.6	6.6
Milk	2.8	4.9	2.1
Tobacco	7.6	8.1	0.5

Likewise, the division most affecting the annual change of the *Transport* group is as follows:

	Annual rate (%) Jul-07	Annual rate (%) Aug-07	Difference
<b>Divisions</b>			
Fuels and lubricants for personal transport equipment	-2.6	-4.2	-1.6

The annual change of **core inflation** (overall index excluding unprocessed food products and energy) decreased one tenth and stood at **2.5%**, remaining above the overall index.

## Annual evolution of the CPI, Base 2006 Overall and Core

## Monthly changes

In August the monthly change of the overall CPI was **0.1%**.

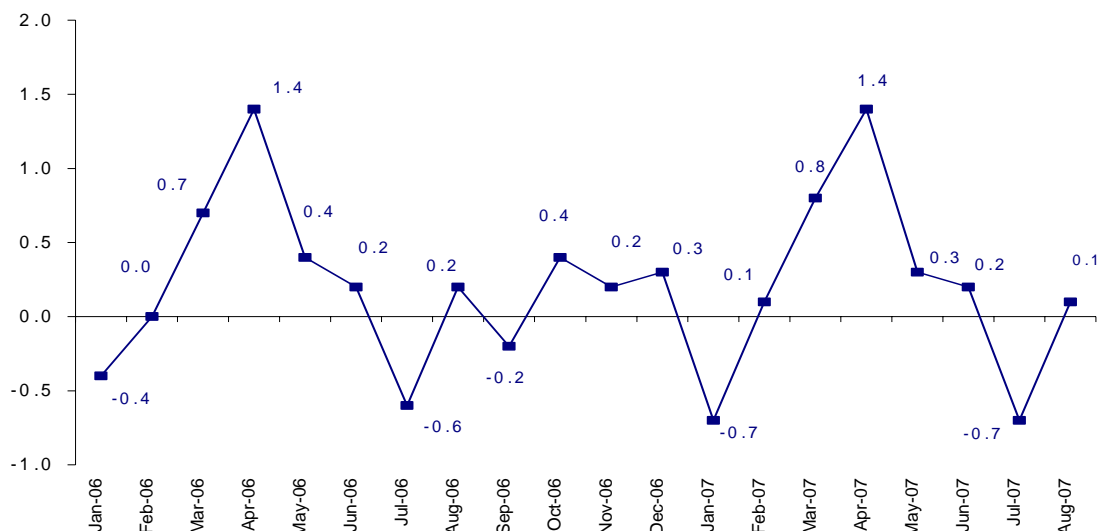

Amongst the groups with the most relevant positive contribution to the overall index we find the following:

- **Restaurants, cafés and hotels**, with a monthly rate of **0.8%**, largely due to price increases in *tourist accommodation*, as is customary in the summer holidays. Its contribution to the overall CPI in August was **0.095**.
- **Recreation and culture**, with a change of **1.3%** and a contribution of **0.091** as compared with the previous month. This change is largely due to the increase in price of *package tours*.
- **Food and non-alcoholic beverages**, whose rate of **0.3%** had a **0.071** contribution to the overall index. This evolution was explained to a large extent by the increase in price of *milk, fish and seafood, and bread*.

The groups with the most substantial negative monthly change over the month of August were the following:

- **Transport**, with a monthly rate of **-0.5%** and a contribution of **-0.080**, due to the decrease in price of *fuel and lubricants* in August.
- **Clothing and footwear**, whose monthly change of **-0.7%** reflected the behaviour of prices in the last month of sales. Its contribution to the overall CPI was **-0.052**.

## Monthly evolution of the CPI, Base 2006 Overall index

## Details of monthly changes

A more detailed analysis shows which of the divisions most affected the monthly change of the CPI in August.

The divisions with the greatest positive contribution on the monthly change were:

	Monthly change (%)	Contribution
<b>Food</b>		
Milk	2.3	0.026
Fresh fish	0.8	0.010
Bread	0.5	0.009
<b>Other divisions</b>		
Package holidays	7.5	0.102
Accommodation services	9.7	0.081
Restaurants, cafes and the like and canteens	0.1	0.014

Likewise, the divisions with the greatest negative contribution were the following:

	Monthly change (%)	Contribution
<b>Other divisions</b>		
Fuels and lubricants for personal transport equipment	-1.3	-0.081
Garments	-0.6	-0.032
Footwear	-1.1	-0.019

### Autonomous Communities. Annual change rates

Annual changes in the overall CPI in the Autonomous Communities are presented in the following graph:

### Harmonised Index of Consumer Prices (HICP)

In the month of August the HICP registered an annual change of **2.2%**, one tenth less than that of the month of July. This rate is one tenth lower than the HICP flash estimate, published last 30 August.

The monthly change of the HICP was **0.2%**.
