Due to the updating in the establishments directory carried out in the Canarias in July 2010 and in Comunidad Foral de Navarra in January 2011, the data to be published for Canarias, Comunidad Foral de Navarra and the national total from those dates are not directly comparable with the data published last year. Therefore, data link coefficients have been calculated to allow the comparison of data between different years. These coefficients are available in INE website (http://www.ine.es/en/welcome_en.htm)
