Due to the updating in the establishments directory carried out in the Canary Islands in July 2010, in Navarra in January 2011 and in Extremadura in March 2011, the data to be published for Canary Islands, Navarra, Extremadura and the national total from those dates are not directly comparable with the data published last year, therefore, data link coefficients have been calculated to allow the comparison of data between different years. These coefficients are available in INE website (www.ine.es/en/welcome_en.htm)
