### Nature, characteristics and purpose

The Survey on the Participation of the Adult Population in Learning Activities is a statistical investigation carried out by the National Statistics Institute (INE) for the main purpose of studying the participation of adults in education and learning.

### Legislation

**Statistical secrecy.** The personal information obtained by the statistical services, both directly from the informants as well as from administrative sources, will be the object of protection and are covered by statistical secrecy (Article 13.1 of the Law on the Public Statistical Services, dated 9 May 1989, LFEP). All statistical personnel will have the obligation of preserving statistical secrecy (Article 17.1 of the LFEP).

**Obligation to provide data** This survey is part of the National Statistical Plan and therefore, in accordance with Law 13/1996, this questionnaire is compulsory. The statistical services may request data from all individuals and companies, national and foreign, residing in Spain (Article 10.1 of the LFEP).

All individuals and companies that provide data, whether their collaboration is compulsory or voluntary, must respond in a true, exact and complete manner within the stipulated term, to the questions outlined in due form by the statistical services (Article 10.2 of the LFEP).

(Law 12/1989 on the Public Statistical Services)
