Consultation of the electoral census and claims

The electoral roll of residents in Comunidad de Madrid can be consulted from March 17th to 24th in the town halls and in the provincial delegations of the Electoral Census Office (ECO) in Madrid. Votes resident abroad will be able to check their registration details at consular offices on these same dates.

Voters may file complaints regarding their registration data at the city councils, consulates or at the provincial delegation of the ECO, within the same period, from March 17th to 24th.

On the INE Electronic Headquarters (<https://sede.ine.gob.es>) there is a service for consultation of the registration data in the electoral roll and the polling station and address of the electoral premises, upon accreditation of the voter's identity through the Cl@ve system (electronic ID, among others).

Application to vote by electors residing abroad

Electors residing abroad who wish to vote must apply to the ECO Provincial Delegation in Madrid until April 5th. The ECO sends the official application form to those with the right to vote.

Applications can be submitted online. To do so, you must identify yourself using the Cl@ve system or use the password sent with the official form. You can also find your password online at the INE's electronic headquarters.

The form is also available at consulates and on the web pages of the convening administrations, the Ministry of Foreign Affairs, European Union and Cooperation and the INE.

Requests to opt out of receiving electoral propaganda

Voters may request their exclusion from the copies of the electoral roll that are provided to the representatives of the candidacies for the sending of electoral propaganda. These exclusions are continuous and have permanent effect unless the voter expresses otherwise.

Those who make this request until March 24th will not receive electoral propaganda from the political parties in the election campaign of these elections. Requests received later than March 24th will take effect in the following elections.

The request for exclusion can be made online, via accreditation by the Cl@ve system, at the INE Electronic Headquarters (<https://sede.ine.gob.es/oposicionPartidos>) or in the town halls, consular offices and the ECO provincial delegation in Madrid.

Census cards

Starting April 7th, the Electoral Census Office will send each elector residing in Comunidad de Madrid a roll card with information in the polling station and the polling place where they should vote.

Information

On the INE website (<http://www.ine.es>), relevant information is available on the actions of the ECO in these elections, count of voters, claims, polling stations and electoral premises, postal voting, deadlines and legal regulations.

In addition to the consultation of the current electoral roll and requests for the Electoral Census of Absent Residents (ECAR) vote, the following procedures are offered at the Electronic Headquarters of the INE, without the need for accreditation with electronic certificate:
